Star Lovers

This report is designed exclusively for love relationships. The interpretation for Johnny and Vanessa uses a technique called 'Synastry' which is the branch of astrology dealing with relationships.

It should be pointed out that even the most unlikely love relationship can be made to work if both parties are prepared to put in the effort required. However, there are almost always some adjustments and compromises to be made in any relationship where there are two separate individuals with wills and personalities of their own.

Interpreting a relationship between two people is a complex business. A good analogy to this type of astrological assessment is the way you view a statue. Looking at a statue from the front gives you an idea of what it looks like from a single dimension. It is only by walking around it and viewing it from various points that you begin to see it as a multi-dimensional creation. This is when we can start to understand more about its total composition, what makes it what it is. So it is with the astrological assessment of a partnership.

This Star Lovers report is divided into two distinct sections, each one examining the relationship from a different vantage point:

Part One - Relationship Potential

This section provides overviews of both Johnny and Vanessa. It examines your relationship potential as individuals, and investigates what each of you needs and expects from a partnership, as well as from a romantic and sexual relationship.

Part Two - Relationship Compatibility

This section looks at how each of you perceives and experiences the other, examining the strengths and weaknesses of the relationship and pinpointing potential problems.

Each connection is given a Star Rating from one to five to show their relative importance. To the right of each pair of symbols, denoting the connection, is a group of five stars ★☆☆☆☆, the more dark stars there are the more important the connection. The keys for the planets and the other symbols and terms used are given at the back of the report.

Part 1 - Johnny's Relationship Potential

An astrological chart is divided into 12 'houses' each of which represents a different sphere of human life. The 5th, 7th, and 8th houses are concerned with relationship potential. Although these houses also have other meanings, here they are defined and interpreted as Johnny's love relationships (5th), Johnny's partnerships (7th) and Johnny's sexual relationships (8th).

Johnny's Love Relationships

The 5th house describes romance and courtship: the qualities you seek in a lover and in a love relationship. You may be attracted to different types of lovers who possess one or more of these qualities, but you are most likely to find true happiness with the one person who combines most or all of them.

♐ 5th House Cusp

The grass is greener on the other side

Your happy-go-lucky approach to life and love and your natural optimism and enthusiasm makes you a much sought after lover. Restless and easily bored, you need variety; both in, and out of, the bedroom so your natural curiosity can be mistaken for promiscuity. Virtually impossible to shock in any way, you enjoy romantic adventure and are ever eager to broaden your already broad mind.

You are drawn to relationships with people from different cultures and countries that enrich your life and worldview. However, you do have a tendency to think the grass is greener on the other side, so there may be times when you need to develop a little more patience and persistence when it comes to love - if you're not to regret letting someone special slip through your fingers. Impracticality, coupled with your natural generosity towards your lover, could get you in a tight spot financially but somehow you always manage to land on your feet, even if you're left with holes in your shoes.

The emphasis in love relationships is on movement. Once something new is experienced and digested, you go on to different situations. Your lover may not always be consistent, but you should be philosophical about it and focus on having fun.

♑ in 5th House

Serious pleasures

You take your love life seriously and need to be careful not to treat courtship, and the sex act, like a commercial arrangement or make too many demands too soon thereby frightening off potential lovers. You can be a real contradiction when it comes to matters of the heart; while you get a perverse pleasure from playing the puritanical vicar in public, in private you can be a very naughty little devil.

While your public persona may deter more overtly sensual individuals (although it's often the reverse!!!), at the same time, you risk attracting those who feel their chastity is safe in your hands. Your love life is, therefore, likely to be a litany of some rather peculiar entanglements. Ideally, and eventually, you will find yourself drawn to those who share your quiet dignity whilst, at the same time, improving your status in the eyes of the world.

You do not take romance lightly and are uncomfortable with those who refuse to commit themselves. You are drawn to serious, dependable people. Your lover may not often take you to amusement parks, but the Stock Exchange can be fun, too!

Love letters from afar

When it comes to love, romance and pleasure seeking, in an ideal world you would like to combine this part of your life with, amongst other things, broadening your horizons through study and travel. On one level this could mean your lover is a teacher or involved in the travel business, or simply that opportunities for love and romance present themselves in religious or educational settings, such as night school or college.

It may well be you're likely to find love in far-away places, or alternatively you may find that those far-away places come to you in the form of lovers from different cultures and backgrounds who enrich your life and broaden your mind. You will get a lot of pleasure from travel, as long as your lover is with you.

You want adventure in your love relationships, and sometimes find romance in far-away places. Lovers should provide fun and new experiences. You may look to greener pastures if lovers become serious too quickly, or refuse to broaden themselves.

No Planets in 5th House

Easy come easy go

While romance and sex is important to you, it is not a big deal, nor does it occupy as much of your time and energy as it does for some. Your love life is subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the pursuit of sensual pleasure actually takes you away from those activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when they eventually settle down you're usually keen to get on with other things.

You are not as particular about what you like romantically as some, consequently you are more than willing to compromise with your lover. You find it relatively easy to get satisfaction and pleasure from your lovemaking and are willing to make the adjustments necessary to achieve your ends.

Johnny's Partnerships

The 7th house describes marital partners and other close, one-to-one relationships. Courtship (5th house) can lead to partnership, but the 7th house assumes a close, constant contact so it is more difficult to escape potential problems. For that reason, they are more fully addressed here.

When Johnny's love affair shifts to a partnership the emphasis of his relationship changes, according to characteristics described by the signs and planets of the 7th house, as well as the position of the house ruler, outlined below.

♒ 7th House Cusp

No ordinary love

Because you demand a lot from life, you also demand a lot from others, so when it comes to your close personal relationships, you don't want "no ordinary love". You are drawn to individuals who, like yourself, have something more to offer the world, or at least something different. You may find yourself involved with someone who is a non-conformist, a revolutionary, a genius, an anarchist or a crank. Whoever they are they are unlikely to be ordinary 'run of the mill types'. While your sense of pride demands a faithful partner, you also want lots of freedom and independence in your close personal relationships.

Unconventional and contrary types are drawn to you because you do have a certain undeniable star quality and charisma about you. At times you have to tread a fine line between maintaining your individuality and keeping a committed, supportive relationship alive. Others may also find that your private persona, up close and personal, is very different to the one you present to the wider world. Your desire for freedom within your relationships can become an issue, as can the balancing of your need for emotional security against the risks of greater freedom and independence.

Nevertheless, it is important that if you do team up with individuals on the fringes of society, you are doing it for love and not simply to rebel against traditional expectations about relationships. You are likely to be unconventional in your approach to partnerships and, while you can make a very loyal, faithful, devoted mate, you would rather walk away from a promising situation if it meant that you had to compromise your own self-worth, values or pride. You feel it's possible to be committed without being totally faithful, which others may not appreciate.

You may marry someone from a different cultural or religious background than your own; or a person who is a free spirit. You consider your view of relationships to be modern, but here words may truly speak louder than actions.

♓ in 7th House

A marriage made in heaven

Your reserved, practical and analytical approach to the world can be very effective and efficient when it comes to getting things done. However, it's very likely that the more systematic and efficient your approach to life, the more likely your close personal relationships will be the very opposite. Your relationships are probably a source of much chaos and your romantic dreams are likely to draw you, at times, to people who may be totally unsuitable.

You may happily clear up the mess others make, looking after the details they forget or neglect. Of course such a combination really can be a marriage made in heaven and you are likely to your mate on a pedestal. The key to making it work for you may be to adopt an attitude of unconditional surrender and self-sacrifice. Because no relationship or individual can escape your critical eye, the more you deify your mate and put them on a pedestal, the more you are setting yourself up for subsequent disappointment.

It really is okay to make a mistake, and while you are likely to have some very peculiar and unusual experiences in relationships, it is important to try to relate as equally as you can to your opposite number. Try not to let your critical eye prevent you from getting up close and personal with someone who, while less than perfect, may well be able to help you get your deeper needs met. You are attracted to beautiful dreamers, and they to you, because together you can combine reality and romance, making your hopes and dreams a reality. Try to avoid taking over the lives of your opposite numbers and trust them to take you down a more rewarding, if uncertain, path to happiness and love.

You want to be as one with your partner, experiencing the problems and triumphs as though they were your own. Be careful not to lose your identity by relating too closely with another. Ask your partner to share some of YOUR dreams.

7th House Ruler ♅ in 1st House

The boss

Popular, friendly and eager to make contact with others, when it comes to your important relationships, whether directly or indirectly, you like to be the one in the driving seat, the one who calls the shots. While this suggests you have leadership qualities and would make a good teacher, sales representative or politician, it can prove tricky on a more personal level.

It is likely, that when push comes to shove, you will often go it alone than give way. While this is an admirable quality in itself, deep down you are aware you need other people. More specifically, you need a partner who, although devoted to you, is prepared to give you freedom and independence to do your own thing.

You will maintain your own identity in partnerships and, possibly place the force of your personality behind your partner. Whichever course you choose to take, the affect of your presence on the relationship will not be ignored.

♄ in 7th House

Doing your duty

You may have had to grow up too quickly, overwhelmed by the burdens of relationships that were inappropriate for your age. Later, this may have caused you to go it alone rather than carry the responsibilities of commitment. You take relationships seriously, maybe a little too seriously at times; nevertheless, you may take your time selecting the right partner. Security is very important to you, maybe even more important than love, therefore, you will undoubtedly be attracted to someone who is dependable, predictable and, perhaps, somewhat older. Nevertheless for you, relationships carry responsibilities.

You can be the power behind the throne. Somewhat snobbish and selective, you may need to be careful not to make yourself too unpopular, or you may get treated like a scapegoat or doormat. Too cautious in relationships, you may miss opportunities if you seek partners for social or ambitious reasons rather than affection.

You find it difficult to relate to others and, by withdrawing from contact and keeping your relationships formal, you hide your great sensitivity from the world. You need to avoid individuals who are negative, critical, lustful and yet unloving. In relationships you offer sincerity and faithfulness but a certain reserve as well.

At their best your partnerships can be stable and enduring, and while you may work hard at your relationships, you need to develop a softer touch and be more spontaneous and less inhibited. Therefore, a serious partnership may be delayed and could be with a mature, career orientated individual.

For you, marriage is a serious commitment - you may take your time selecting the right partner. Security is also an issue. Therefore, you will undoubtedly be attracted to someone who is dependable, predictable and perhaps somewhat older.

Johnny's Sexual Relationships

In the context of a relationship, the 8th house can represent shared resources, partner's resources, or sex. Here it is treated solely as the house of sex. The signs and planets in the 8th house and the position of the 8th house ruler are used to determine Johnny's sexual needs and the characteristics of his sexual partners.

Since sexual activity can be an ingredient in both love affairs (5th house) and partnerships (7th house), you must decide which category your relationship belongs to and combine the relevant definitions. If the relationship is purely sexual, you can ignore the 5th and 7th houses.

♓ 8th House Cusp

Sexual fantasist

An idealistic dreamer and even a bit of a fantasist, you can be very emotional and sensitive about sex. You have the gift for expressing your passion and desire in subtle and imaginative ways, although you need to be crystal clear to avoid unclear and embarrassing situations. Somewhat elusive when it comes to your approach to sex or the details of your sex life, your secretiveness may give the impression there is something mysterious or taboo going on.

At times you seek escape from the humdrum of life through sexual excess, and therefore, may have to wrestle with your deeper and darker desires to get a hold on them, rather than be at their mercy, as if enslaved, compulsively indulging in inordinate sexual activity. To melt and merge with another can be heaven, but it can also lead you to the sewer, as you become increasingly entangled and spellbound, dissipating your resources and with the risk of being drawn to self-destructive and compulsive sexual conduct.

You may look upon sex as a mystical experience, but you might have to learn that it is as blessed to receive in this area as it is to give. Suffering is not the only way to tap into the universe. Sharing of pleasure can produce the same results.

8th House Ruler ♆ in 4th House

Sex and psychology

There is a strong likelihood that your attitude towards sex and intimacy will be greatly influenced by one of your parents, although you might not be aware of it, or how deep and pervasive it may be within you. This may work out as a deep-seated complex in which you over-deify the parent, so that every subsequent partner falls short of your, or your parent's, estimation.

You may choose not to follow in the footsteps of a parent, but to live your (sex) life differently from what the expectations of your family and background might suggest. Sex for you can be a great source of comfort and support, often feeling that only by having your flesh, and your soul, intimately involved with another can you experience real trust and emotional satisfaction.

Your sex life could also be a barometer of your emotional and psychological well-being. Any problems you may have may, have psychological foundations; while at the same time a healthy, happy and active sex life could be the key to your emotional and psychological rejuvenation and well-being.

The psychological aspect of sex seems to be much more important to you than it is for others. Therefore, it is important for you to get involved with someone you feel a great emotional attraction to; with whom you can relate at your level and who wants something more meaningful out of the sexual side of the relationship.

As far as sexual matters are concerned, you'll feel most at home in familiar surroundings and you will want a sexual partner who is tender and caring. Or, you may be motherly and protective of those with whom you are sexually involved.

No Planets in 8th House

There's more to life than sex

While sex is important to you, it is not the big deal, nor does it occupy as much of your time and energy as it does for some. This does not mean your sex life is uneventful it's just that your sexual demands and tastes are probably less peculiar or complex than they are for others.

Your sex life is subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the pursuit of sexual gratification actually takes you away from those activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when things eventually settle down again you're usually keen to get on with other things.

You are not doomed to a life of celibacy. It is just that your list of requirements in a sexual partner and needs, in sexual activities will be shorter than most, though very likely your enjoyment will be just as great.

Vanessa's Love Relationships

The 5th house describes romance and courtship: the qualities you seek in a lover and in a love relationship. You may be attracted to different types of lovers who possess one or more of these qualities, but you are most likely to find true happiness with the one person who combines most or all of them.

♈ 5th House Cusp
Immediate gratification
You've tendency to shoot first and ask questions later when it comes to romance. You can be an aggressive and domineering lover and may make a more fainthearted partner feel safer under the bed than under the covers. You like plenty of energetic activities, inside and outside of the boudoir.

Impatience, impulsiveness and your need for freedom and romantic adventure coupled with a hatred of restrictions could turn your bedroom into a battlefield if you're desires are frustrated. You are very passionate and are drawn to strong-willed, sexually demanding people. Since you can separate the physical and intellectual sides of your nature you may feel it is okay to have an occasional fling and still remain committed to your partner.

You are drawn to strong-willed and active people. They may not be consistent but they add excitement to your life. Their concentration on immediate gratification and enjoyment of even the smallest pleasures can keep you from becoming too blasé.

♉ in 5th House
Still waters run deep
You are a reliable and dependable lover and, while you may appear unruffled and a little conservative, this belies your deeply sensuous nature. Although faithful and devoted, you can be possessive. Between the sheets you like to work steadily on one thing at a time.

Very tactile and sensual, you have a lot of patience and stamina and may prove a little slow for some, but heaven for those who like to build up slowly to a deeply passionate climax. While you have a practical and realistic approach to romance, you have a love of luxury and like to indulge yourself (and your lover) in the finer things of life.

Your lover may introduce you to the finer things in life - providing they are not too expensive, or if someone else pays. There is enjoyment in comfortable surroundings, good food and other sensual pleasures that may be found in the same familiar places.

5th House Ruler ♂ in 1st House
Wearing your heart on your sleeve
Fun and romance is an essential part of your life, how you express yourself and come across to others. A fun loving pleasure seeker, you're never short of admirers and, in matters of the heart, you like to take the initiative and call the shots. The immediate pursuit of fun, romance and self-indulgence is more important than long-term security and commitment.

You either assert yourself in love relationships or allow your lovers to shape your personality. The reason for wearing different faces for different lovers is to assure your personal gratification; loss of identity is not a factor here.

No Planets in 5th House

Vanessa's Partnerships

The 7th house describes marital partners and other close, one-to-one relationships. Courtship (5th house) can lead to partnership, but the 7th house assumes a close, constant contact so it is more difficult to escape potential problems. For that reason, they are more fully addressed here.

When Vanessa's love affair shifts to a partnership the emphasis of her relationship changes, according to characteristics described by the signs and planets of the 7th house, as well as the position of the house ruler, outlined below.

♉ 7th House Cusp

All or nothing

You give off a dark, mysterious air and defend your right to be very private about your private life. Not surprisingly, it can be difficult for someone to really get to know you up close and personal. But when you do let someone into your heart you will stick by them, steadfast like a rock, through thick and thin. It is, therefore, important that you make the right choice as you will be very reluctant to quit a relationship even when it hits the rocks. You give off a certain magnetic, sexy allure that hints at your deep, dark and passionate nature.

You are drawn to tactile, sensual individuals who can also offer you a sense of security; emotional as well as financial. As you will, and often do, go to hell and back for your loved ones, it is important that your opposite number is prepared to be like a port in a storm for you. Problems arise because the very qualities of stability and security you seek in another are also the qualities that are most resistant to change and so, when change does come in your relationships, it can be dramatic, traumatic and drastic for that very reason. Your opposite number is quite likely to be stubborn, so clear, open communication will be important if you're to avoid misunderstandings or getting caught up in a battle of wills that could prove detrimental to your relationship - you will both loath giving way.

Your emotions can be unfathomable and perplexing at times and it can be hard for you to get your needs met when you often can't express them. It's at such times that the touch of your partner can say more than words and it will have a healing affect on you. In your life there may be times when you choose to go it alone rather than get involved at a superficial level. When you do make a commitment it is deep and you need a steady, secure partner who can support you through the slow process of learning to express intimacy and vulnerability, being accepted and loved.

Your partner will be loyal, dependable, and at least in part, predictable. It's a good idea if the both of you are headed along the same path, because there could be a clash of wills if you're not. If this occurs, make your arguments sensible; it may even turn out to be a draw!

♊ in 7th House

Spoilt for choice

Your natural, broadminded, happy-go-lusty approach to life and love makes you a much sought after companion and you'll have numerous opportunities for serious commitment. You may have a preference for young foreigners. When it comes to making a serious commitment, you want someone who is able to keep you amused and entertained, someone witty and intellectually stimulating; not just another social butterfly. You are also likely to enjoy the company of younger partners who allow you freedom to roam, to flirt and who respond to your fun loving repartee. Restless and curious, you'll look elsewhere if you are not stimulated enough by one single individual.

The number of your admirers who hold you deep in their affections will be far greater than the number you actually care deeply about. You may live with the occasional regret that someone special slipped through your fingers, that you were looking elsewhere when you may have been sitting on a goldmine. This may, in part, be why you could stay single, forever moving from one flirtation to another, while deep down, remaining a bit of a loner. When all is said and done, although you have a healthy appetite for human flesh, when it comes to a deep and meaningful commitment, you need a meeting of minds as much as you do emotional harmony and physical attraction.

You need a gregarious partner who is talented at light repartee. This person may display various facets of their personality in different situations, but will be difficult to know in entirety. You, too, probably prefer to avoid deep analysis.

Vanessa's Sexual Relationships

In the context of a relationship, the 8th house can represent shared resources, partner's resources, or sex. Here it is treated solely as the house of sex. The signs and planets in the 8th house and the position of the 8th house ruler are used to determine Vanessa's sexual needs and the characteristics of her sexual partners.

Since sexual activity can be an ingredient in both love affairs (5th house) and partnerships (7th house), you must decide which category your relationship belongs to and combine the relevant definitions. If the relationship is purely sexual, you can ignore the 5th and 7th houses.

♊ 8th House Cusp

Versatile lover

You need change and variety in your sex life and may enjoy discussing different techniques and approaches to sex. You can be quite rational when it comes to achieving and meeting your deep desire for sex and intimacy. Because you tend to have an intense, all or nothing approach to life, circumstance may require you to develop an intellectual understanding of your dark, primitive side if you're to get a handle on it.

Your light touch, when it comes to serious matters, may give the impression that you have a frivolous and superficial approach to getting your needs met. Ingenuous and versatile in the bedroom, you need mental and physical stimulation. You have excellent timing and when you express yourself sexually, you can be very persuasive.

In sexual matters, you want a variety of experiences or partners. Conversation may be an important part of sexual activity, or a device to forestall overly aggressive people. Verbal appreciation of your attributes can be quite stimulating.

♋ in 8th House

Sexual bondage

You can be very emotional when it comes to sex and are surprisingly tender on an intimate one-to-one level. Your emotions shape your attitude to sex, associating affection and caring for someone with sexuality. You have a gift for expressing feelings and your caring tendencies sexually, making you an extremely tender and sensitive lover. However you're not always very forthcoming about your own needs since for you, exposing yourself can be a bit of a sensitive spot.

Often at your most vulnerable when up close and personal, you can be moody and even prickly at times, retreating into your shell if your desires are not met. But others may find you a bit of an enigma, enthusiastic one minute and apparently unconcerned the next. Your gregarious happy-go-lucky approach to life conceals your difficulty in expressing your intimate and sexual needs or in having them met, and inner insecurity may be behind your constant striving for pastures new.

You want to be treated with tenderness in sexual situations, and must feel at home in your surroundings to be totally relaxed. You do not bestow affection easily, but when you do, you usually develop strong emotional ties with your partners.

8th House Ruler ☿ in 1st House
Mysterious, aloof and sexy
You rejuvenate yourself, physically and emotionally through sex. Your approach to the world has a lot to do with your need to confront, unmask and undress everything and everyone. Whether you are aware of it or not, you emanate a heightened sense of sexuality, which may make more sensitive souls uncomfortable under your penetrating gaze, (as if they are being sized-up for your next meal). But there will also be those on which you'll have the opposite effect, turning them on by your mysteriousness and intensity.

In such cases you probably won't waste much time in getting up close and personal. Nevertheless when it comes to sex you're likely to be the dominant one. Strangely enough, sex will not be the only thing you want from a relationship, although it may be some time before you reach this conclusion. In part, the intensity you often find so hard to conceal reflects your deep emotional nature and, while you may act forcibly to disguise your vulnerability, at the same time something within you draws you into those situations where you experience life so intensely.

The way you behave may at times appear paradoxical to others, and even yourself, and it may be some time before experience and wisdom provides you with the insight into your conduct. Meanwhile, preoccupation with sex could leave you at the mercy of your desires. Since people can find you threatening, it may be difficult to find someone who, not only won't run away, but who also has the courage and maturity to accept you as you are.

Others may not quite believe you when you say it's not the sex act itself that you are preoccupied with, but rather it has more to do with issues of trust, intimacy and the very essence of life. Nevertheless, like it or not, you're blessed with a certain magnetic sex appeal. Just because you've got it, doesn't necessarily mean you'll want to flaunt it, but if you do, try not to let the physical act become too much of a compulsion or obsession or you'll miss the opportunity in which intimacy and trust are paths to a more meaningful existence and deeper personal relationships.

Your personality is definitely a 'drawing card' and your need for sexual gratification is strong. However, the possibility of your being simply a sex object is minimal.

Emotional need for sex and intimacy
You have an emotional need for sex and a deep and intimate exchange with another. When someone catches your eye and stirs up your feelings, you don't like to waste time in getting up close and personal.

However, your desires, once stirred could leave you in the grip of your complexes and passions. You have the ability to tune into the sexual and emotional needs of others but your own needs seem to fluctuate and so you may prefer to be spontaneous and vary your sexual activity and venue rather than follow the same routine in the same place in the same position.

During periods of crisis and emotional upheaval you may seek solace through sex like some seek escape through drink and drugs. In time, as your experience of sex and intimacy leads you along the path to emotional maturity, your great sensitivity to the deeper needs of others will enable you to nurture and help others through periods of crisis and personal transformation.

Your mother may have been instrumental in the forming of your views on sexual matters although probably more on the subconscious than conscious level. Or it's possible that you may have a parent-child relationship with your sexual partner.

Part Two - Relationship Compatibility

How Johnny gets on with Vanessa and how Vanessa responds.

First the connections you share:

Johnny's ☉ △ Vanessa's ☿ (04°25') ★★★☆☆
Extraordinary
Definitely an unusual and original relationship that stimulates each other's ideas, creativity and desire for change. Johnny and Vanessa make a magnetic, romantic (if a little peculiar) pair. They felt a strange, mutually magnetic attraction from the start.

Vanessa gives Johnny a wake-up call, activating and encouraging his latent talents. When they get together their relationship can become one long rebellious, anti-social and unconventional (but unforgettable) adventure.

There is something unique about the chemistry between Johnny and Vanessa. Vanessa is often unpredictable, while Johnny is never quite sure how Vanessa will behave, but this just adds to the excitement. Spiritual harmony and a never ending exchange of ideas keeps Johnny and Vanessa on their toes. Love and romance is lively, unpredictable and stimulating.

Mutual fascination
In the early stages of their relationship Johnny and Vanessa will take a great deal of pleasure in each other's company, with their different outlooks on love, life, the universe and everything being a source of mutual fascination. If they are both able to exercise tolerance and understanding this can be a rewarding relationship, as it can add another shared dimension to their life experience.

However, if they are not very tolerant towards each other, then eventually differences of opinion on religious, spiritual or moral grounds are likely to surface and be a source of conflict and tension. As their different perspectives increasingly lead to misunderstandings and disputes, Johnny and Vanessa may begin to feel they have little in common - however much they may like each other.

How Johnny's way of behaving Vanessa's values
Johnny can have a strong influence on Vanessa's sense of security, financial or emotional and he may be ever eager to offer commercial advice or seem to be overly concerned with Vanessa's financial affairs and possessions. Johnny will be willing to take care of business and actively support and encourage Vanessa to invest in herself, to make more use of her talents.

Johnny's feelings of emotional stability, or otherwise, may be directly influenced by Vanessa's ability to provide for his security. Vanessa may need to avoid the risk of continually trying to meet Johnny's deeper emotional needs by bestowing on him gifts, presents and even money, when in truth, what he really seeks is her time, love and affection.

Vanessa's finances may be a source of anxiety for Johnny and, at the same time, he can have a powerful influence on her financial affairs. Johnny can bring emotional stability and security into Vanessa's life, increasing her sense of self-confidence and self-worth; he is also likely to give her the support and encouragement to make more of her talents and abilities.

Money, values, possessiveness and possessions are likely areas of emphasis, with Johnny's success or recognition closely connected to Vanessa's sense of emotional and financial security. Fluctuations and uncertainty in her financial affairs may prove emotionally unsettling for him.

It may seem that when your partner is emotionally upset, your values and feelings of self-worth are irrationally attacked. More positively, however, there can be tremendous underlying support in consideration of who you are and what you believe.

Johnny can have a stabilising influence on Vanessa, offering thoughtful and sound practical advice that could be particularly helpful in commercial and businesses relationships. Vanessa can benefit from Johnny's knowledge and experience.

It is likely that conversations and communications between Johnny and Vanessa can be both serious and profound. Nevertheless, Johnny needs to endeavour to make sure he offers practical suggestions rather than criticism. Otherwise, Vanessa may withdraw and feel inhibited in her communications if she feels Johnny is too critical or if he gives the impression he finds her superficial or lacking depth.

In fact, if Johnny belittles the ideas and opinions of Vanessa, she may even become depressed in his presence and this may limit Vanessa's natural ability to communicate and express herself. At his best, however, Johnny can encourage a more stable and realistic way of thinking, but, at his worst, he may limit or restrict Vanessa in some way, and she may even find what Johnny has to say too heavy or deep or simply of little interest to her.

You may feel that it is sometimes difficult to communicate with your partner; perhaps one of you tends to hold things back. You can, however, have serious conversations that help to clarify and give substance to thoughts and personal situations.

How Johnny's words affect Vanessa's ability to relate

Open, honest and clear communication is important for the long-term health of any relationship. Luckily for Johnny and Vanessa their relationship is built around their ability to communicate with each other.

Because they communicate, co-operation and compromise are relatively easy to reach and so, despite whatever other difficulties Johnny and Vanessa may face together, their ability to communicate with each other makes it easier to avoid conflict and problems that arise because of misunderstandings.

Johnny will prove a valuable source of advice and useful ideas. With communication playing such an important role in the relationship, Johnny and Vanessa may prefer sitting up in bed into the early hours exchanging ideas, rather getting beneath the sheets and exchanging bodily fluids.

Johnny and Vanessa's relationship is a marriage of minds. They love flirting, repartee and innuendo. Such shared interests and mutual understanding promotes companionship and affection. Johnny understands and is tolerant of Vanessa's emotional nature while she inspires his ideals.

Johnny and Vanessa are very compatible and this aspect of their relationship is a key ingredient in sustaining a harmonious long-term union.

You probably perceive your partner as communicating well, especially on the social scene. This may not necessarily be at a deep, intellectual level, but your partner will rarely be at a loss for words at a party or small gathering of good friends.

Misunderstandings

When it comes to their discussions and debates, both Johnny and Vanessa may find it difficult to get a word in edgeways. While their conversations are usually very energetic and enthusiastic, Vanessa may feel Johnny talks too fast and too much or vice-versa. Johnny's tendency to reason and think things through can irritate Vanessa who is more impatient, desiring immediate action and gratification.

Therefore, unless they both exercise greater patience and self-control, the relationship will suffer from much tension and annoyance. Vanessa may be too headstrong and impulsive for Johnny, while to Vanessa, Johnny appears too concerned with talk and not enough with action.

Conflict is never far from the surface since Vanessa's aggressive spirit is at odds with Johnny's reasoning and thoughtful approach. Misunderstandings, quarrels and friction will make close co-operation difficult for any length of time, especially since Johnny can become increasingly tactless when faced with Vanessa's confrontational outbursts.

How Johnny's charms affect Vanessa's ability to relate

Love and romance go hand-in-hand in Johnny and Vanessa's relationship. Johnny will be able to open doors for Vanessa both personally and professionally, introducing her to new and interesting people, some of whom may be wealthy, society types while others may work in the arts.

Vanessa is charmed and attracted by Johnny's natural tact and diplomacy so he is unlikely to be short of attention when they are out and about together. Of course, there is more to a relationship than sensual enjoyment and good looks, but in the case of Johnny and Vanessa, since they've got it they might as well flaunt it.

Johnny is very much the peacemaker in the relationship and will often bend over backward to accommodate Vanessa. This aspect of Johnny and Vanessa's relationship is conducive to creating long-term peace and harmony and goes a long way to helping them overcome many of life's ups and downs.

Gracious, charming and social, Vanessa has a talent for seeing the beauty in others, something which may not be obvious to everyone. Johnny and Vanessa make a popular pair because of their consideration for others.

Vanessa takes great pride in Johnny's charms and is attracted to his social grace and beauty. While Johnny and Vanessa may bring out the best in each other, they can be very slovenly and self-indulgent too.

Charm, affection and/or artistic ability are qualities you may consider your partner bringing to the relationship. You would have to look at other factors of the relationship to find responsibility, here the emphasis is on pleasure most of all.

Tempestuous

There is a very strong and intense physical attraction between Johnny and Vanessa but in time passions could spill over making this a tempestuous combination. Vanessa can become too ardent, passionate and possessive. Johnny may find Vanessa too impatient while she may consider Johnny too passive or lazy.

Emotions between Johnny and Vanessa are easily aroused and can quickly spill over into disputes and friction. The sexual chemistry between them is passionate and intense but they won't be able to resolve all their tensions and differences in the bedroom. The conflicts, tension and strong physical attraction between Johnny and Vanessa make this an unforgettable union.

Intellectual pursuits

How Johnny might affect Vanessa's understanding, in the area of philosophy, culture, religion, law and publishing. Also, the likelihood of foreign travel or other long trips together.

How Johnny's energetic drive affects Vanessa's philosophy of life
Johnny's drive and determination may cause Vanessa to reconsider her limitations and what she thinks may be possible. Johnny may come across to Vanessa as overtly assertive when expressing his views on matters of religion, philosophy and politics and while this may be stimulating to Vanessa, it may also lead to conflict if he is too dogmatic.

Johnny can be a stimulus to Vanessa's thinking, challenging her way of life and causing her to clarify her ideas and give greater force to her arguments. If Johnny and Vanessa decide to team up and travel together, they are likely to be in for an active and adventurous time, although Vanessa may not always share Johnny's eagerness to court danger and take unnecessary risks.

Johnny has a strong desire for freedom and new experiences and will encourage Vanessa to share their big plans and use their energy and drive to put them into action. As long as their ideas are not too unrealistic and they don't overextend themselves physically or financially, Johnny and Vanessa can accomplish a great deal together.

While Johnny and Vanessa may be able to work together towards common goals and aspirations there may be a certain rivalry between them, disputes over philosophies of life, politics, religion and the meaning of life - could escalate until what started out as a frank exchange of ideas turns to conflict. Differing views on the important issues of life could be a problem if Johnny and Vanessa can't learn to agree to disagree.

Your partner might seem argumentative in discussions about religion, philosophy or politics because their views are very strong. But if you find a subject on which you agree, concentrate on it. It's nice to have all that energy on your side.

Johnny's ♂ □ Vanessa's ♆ (02°41') ★★★★☆
Extreme
There is a potent chemistry between Johnny and Vanessa; their relationship has an air of mystery, magic and romantic idealism about it. This relationship could not only stir up deep and insatiable desires between Johnny and Vanessa, it could also degenerate from one sexual or sensual excess to another. Lust is very much to the fore and in time the dynamics between Johnny and Vanessa may even prove disturbing and abusive.

With such great sensitivity aroused between Johnny and Vanessa, open and honest communication may prove difficult - especially if it threatens either's cherished image of their relationship. Over time, Johnny may become too impatient and insensitive for Vanessa while Vanessa may prove too elusive, deceptive or impractical for Johnny.

Whether through drink, drugs or sex, Vanessa may have the ability to drain Johnny's physical, emotional and financial resources. If Vanessa is particularly sensitive, Johnny's impatience and aggression could have a detrimental affect on her general health and emotional well-being.

This is very much a relationship that encourages waste and extravagance as well as physical and emotional dissipation. Johnny and Vanessa can effectively destroy each other's morale, bringing out the worst delinquent tendencies in both. Johnny can excite Vanessa's anxieties and fears, whilst she saps Johnny's energy, drive and courage. Great self-control may be required to keep the relationship from going to extremes.

There is a powerful, almost primitive force that seems to draw Johnny and Vanessa together. Johnny and Vanessa are likely to enjoy a very physical and intense sexual relationship. Together Johnny and Vanessa can strengthen each other's determination and will to succeed. They encourage each other and work well together on shared interests and projects - the bigger the better - since together Johnny and Vanessa can make a formidable go-getting partnership, especially in business, politics etc.

How Johnny's originality affects Vanessa's philosophy
Johnny can have an inspirational effect on Vanessa's philosophical and spiritual views. Vanessa might find Johnny's ideas, new, inventive, innovative, unusual and even off the wall. Johnny can try Vanessa's patience and he will find her too orthodox and conventional. Johnny will challenge Vanessa and may even attempt to undermine Vanessa's views and beliefs, while at the same time remaining non-committal and elusive.

Johnny's opinions may be so challenging that they require Vanessa to completely change her opinions and ideals. Johnny and Vanessa may come from very different educational and cultural backgrounds. Travel and adventure is likely to be an exciting and unpredictable experience when they go together.
Remove surplus space before 'It'
It is important for Johnny and Vanessa to take every opportunity to broaden their horizons together. There is something a little different about Johnny, even odd, that Vanessa may find infuriating or fascinating. Johnny stimulates a desire in her to escape from it all to far flung and exotic places, for unusual experiences and adventures that will completely alter her view of the meaning of life and love.

While the sparks that fly between Johnny and Vanessa are likely to be philosophical as much as physical, they can have an unusual and inspirational relationship, sharing many mutual metaphysical and philosophical interests.

Johnny and Vanessa can be good for each other, but they need to respect and encourage each other's needs for freedom if they want to make the most of the many original, unconventional and exciting times they will have together. Otherwise their ability to stimulate the creative thinking processes in each other can easily get carried away, bringing out some of the worst forms of recklessness and extravagance in both parties.

You may see your partner as a free thinker when it comes to religion or philosophy. The possibility then of joining a formal religion is slight. If it occurs, however, it will probably be to play the devil's advocate, not to attain piety.

Career and ambitions

The effect Johnny is likely to have on Vanessa's achievements, her professional life, any authority she may hold and her status and ambitions.

Johnny's ☿ in Vanessa's 10th House

How Johnny influences Vanessa's ambition

How good Johnny is for Vanessa's reputation in the eyes of the world will depend on a number of factors, nevertheless, Johnny may exert a powerful effect upon Vanessa's career, worldly ambitions and aim in life. While Johnny may adopt a parental role within the relationship, Vanessa should avoid acting out unfinished business from her early home life in her relationship with him.

For example, Vanessa may put Johnny up on a pedestal and then challenge his power and authority. Acting out parental power struggles is fine, if it leads Johnny to greater insight and awareness, bringing hidden motivations and complexes to light, especially if such hidden complexes are influencing Vanessa's worldly success or otherwise.

Nevertheless, Johnny will influence Vanessa's destiny and function in society, although Johnny may prefer to stay behind the scenes while Vanessa gets the accolades, applause and the occasional ripe tomato.

You see your partner wielding power in the world, at least your world. This could, at times, make you feel somewhat oppressed. If, however, you can unite your forces, you won't have to worry about outsiders controlling your lives.

Mysteries of the mind

Illusion, when things are not quite what they seem; secrets, ideals, deception and self-deception, dreams, intuition and drugs, illness, institutions, anywhere it is difficult to get a clear picture of what is going on, is likely to be hard for Johnny to fathom.

Johnny's ♆ in Vanessa's 12th House

How Johnny's altruism influences Vanessa's unconscious mind

There is a strong link between Johnny and Vanessa and, if they believe in Karma or reincarnation, they probably feel they have met before and that in their present relationship they are resolving unfinished business from a previous lifetime.

Johnny may introduce Vanessa to the occult, spiritualism or the more mystical areas of life. While this can be a spiritually enhancing experience it can also undermine her, leading to all kinds of difficulties if not treated with respect and therefore may be better left alone.

Nevertheless Johnny can have a powerful affect on Vanessa but it may not always be obvious and he may tempt her away from a particular lifestyle towards another, built on very different values and ideals.

Whether by accident or design, Johnny can act upon Vanessa's affection in the most subtlest of ways, easily arousing her sympathies and escapist tendencies. While Johnny may encourage the expression of Vanessa's selfless and more charitable side, outsiders may find it difficult to comprehend her willingness to make personal sacrifices and put the needs of Johnny before her own.

You may find your partner extremely spiritually oriented, having great faith in something beyond him or herself. This view may sometimes seem unrealistic. Don't dismiss it, however, because you may find this approach sometimes works.

This could be a source of much discomfort for Johnny who may feel he doesn't have his own space or any privacy. On another level, Vanessa and Johnny probably do a lot of thinking and talking about sex.

While this relationship will be electric and the chemistry between them considerable, it may prove just too unstable and unpredictable to last for long unless they can discover a way to maintain their closeness and yet lead independent lives.

Vanessa's moral integrity could suffer. The relationship may also suffer from financial problems with Vanessa likely to suffer most from the association.

Vanessa may grow uncomfortable under the gaze or in the presence of Johnny, who in turn may pursue Vanessa relentlessly, obsessively. How Vanessa's energetic drive affects Johnny's feelings of security

Vanessa and Johnny can arouse some very strong feelings in one another and while the initial attraction between them was no doubt powerful, they need to be mindful to find outlets for their energy, especially Vanessa, otherwise the sparks that they both generate when they get together could easily spill over and at one extreme their private life together may be dogged by domestic strife and tensions.

One way this energy could be expressed would be through burning off excess energy in and around the home such as renovations, DIY improvements and decorations. Vanessa and Johnny do have strong feelings for one another but they can easily switch from passionate like to dislike and back again.

Vanessa's presence can give Johnny a greater sense of security and confidence, but this is unlikely to last if he begins to consider that she is too rash, impatient and impulsive so that the home subsequently becomes more like a battleground and a place where Vanessa lets off steam rather than a sanctuary of comfort, peace and security.

It may seem that your partner wants to run activities in the home, telling everyone what to do and how to do it. If your partner does more directing than working, suggest that some of that energy could be used to accomplish tasks more quickly.
